

Final-Capstone

Brewery Finder

- Create users, brewers, and admin accounts that are all a unique experience that are all password protected
- As a user you are able to leave reviews with pictures, favorite a beer, request to be a brewer, view brewery news, events and all their different beers and if you need a break you can delete your own account
- Also as a user you can favorite the breweries and view their information and you have your own unique home page where you can see what you have done
- As a brewer you have your secret brewer tools that can add events, beers, and news and also update them if changes need to be made also delete old information
- As an admin you have the power to erase bad users, delete old information, and approve or decline new breweries
- Full-stack application
